Which makes me feel Frustrated	Confused	Incompetent	Stressed	Complicated
Because There are too many expenses to track	There are many payment options to consider	Of my high expenditures	It needs more statistical thinking	It involves making graphical reperesentations
But It takes Iong time	lt is not trackable	lt is un- managable	lt is very difficult	It could not be done efficiently
I'm trying to Track the Expenses	Manage personal transactions in various accounts	Save	Calculate taxes	Analyze the expenses
